

"FITSELF" BY SKY TALLONE (COMEDY)
TWO ROOMMATES: MALE OR FEMALE, 18-40

INT. THE ROOMMATES' PAD - DAY

FitSelf dude is being watched on T.V. at the end of the FitSelf commercial.

CASSIE

That's it, it's time. I'm doing it!

MORGAN

Too expensive, and too... weird.

CASSIE

Well they have a payment plan. I'm getting fatter by the minute over here, I gotta do something! Not that you'd understand, you can scarf down a steak and cheesecake and not gain an ounce.

MORGAN

You're right, I need to eat better too. Let's do it together, a better diet! And we should go with Jen and them for that morning hike on Saturday.

CASSIE

But I won't do it! I'll say I'll do it, I'll intend to do it, but when the time comes...

Cassie stands by Morgan, acts defeated.

CASSIE (CONT'D)

...my FitSelf would do it and love it, my FitSelf would out-hike all of you! That's it, I'm doing it.

Cassie grabs her phone to make an appointment.

HALLWAY / LIVING ROOM / KITCHEN (ONE MONTH LATER)

Morgan groggily exits the bedroom into the hallway, approaching the living room. In the living room, Cassie does a hard-core workout on her exercise mat, drenched in sweat.

MORGAN

Cassie?

Cassie doesn't respond, works out even harder.

MORGAN (CONT'D)

Cassie.

Cassie abruptly ends her work-out and goes to the kitchen. She makes a health shake.

MORGAN (CONT'D)

How long have you been getting up this early?

With a scary chop of the knife through a lemon, Morgan abruptly stops and smiles at Morgan with wide eyes.

CASSIE

Today is the first full day of my new health regimen! I'm about to go to the FitSelf club. If you had a FitSelf, you could go too!

Morgan notices the intricate FitSelf logo tattooed onto Cassie's wrist.

MORGAN

Uh huh... maybe next time.

Morgan hears growling and looks behind her to see that the dog is growling right at Cassie.

CASSIE

Did you know FitSelf also has a dog-training program called DuoDog?
